

## RESIDENTIAL

Environmental | ESD | Air | Power | Noise | Structure

### Project: Regatta Wharf Development

#### Scope of Services

KAE undertook a detailed quality assurance checking role on behalf of Bovis Lend Lease for 4 residential apartment buildings.

The checks have involved computerised heat loads, condenser water system sizing checks, cable sizing checks, installation checks, air conditioning unit performance checks etc.

KAE also provided a detailed commissioning procedure document and witnessed the commissioning of each apartments air conditioning system
